Santa letters are revealing. They are:

WISTFUL: "Wished I could get a BB gun, but I know I can't."
"Bring me some socks that fit."
"And a bike without a flat tire."

ODD REQUESTS: A blackbird
"Bring David 200 pounds of hog feed blue 'genes' ... and several requests for a yardstick."

LOGICAL: "I never had a horse before so that's why I want a horse."

ASIDES: "That math gets me down very hard."

INTERESTED IN SANTA, ETC.: Concern is expressed about Santa's health. Mrs. Santa Claus and the reindeer. Considerable interest is expressed in the weather, one predicting: "the foggiest night you ever saw."

DECORATED: One school class drew Christmas pictures at the bottom of letters.

108-108-108

One Santa letter opined: "Please bring the others what they want. Most of all to be happy is the best."

That's a good note on which to end a Christmas paper.

We join the staff of this newspaper in wishing each and all a Merry Christmas. The vote is past and it carried and Cameron and Milam County continue to look ahead.

Christmas is a nice holiday to look to.

Chrismons On The Christmas Tree at Cameron First Methodist Church

New Wildcat Located Near Buckholts; Dry Hole Plugged

One new wildcat and a dry hole were among last week's developments in Milam County drilling activity.

The new wildcat scheduled will be located about three and one-half miles southeast of Buckholts on the Ernest V. Brod 52 acre tract in J. A. De Pena Survey.

It will be drilled by W. H. Mahon, a Waco operator, and is permitted to 1,700 feet or the Buda lime.

The Brod will be the first try to find production in the Buckholts area since the Frank A. Krc No. 1 Coufal was drilled several months ago. The Coufal, also located in J. A. De Pena Survey, was plugged after being drilled to the Edwards Lime and finding no shows.

The dry hole reported last week was the No. 1 Wallace Culpepper, located several miles south of Cameron and just off the Rockdale highway. This wildcat was drilled by R. C. Rice, a Houston operator, and had the Edwards Lime as its objective. It was drilled below 2,000 feet before being plugged. Rig was moved off the lease last weekend.

A 'Chrismon' Tree

Christian Symbols Arrayed

Chrismons of white and gold adorn the 13-foot Christmas tree in the sanctuary of the First Methodist Church, Cameron.

The Chrismons, made by the women of the WSCS, are symbols from Christian history.

Churches Schedule Christmas Services

Christmas services in local churches have been scheduled during the regular worship hour in most area churches with special services announced for Episcopal, Catholic and Lutheran churches.

All Saints Episcopal Church will have a Christmas Eve service at 8 p.m. Sunday. High mass will be celebrated at midnight Christmas Eve at St. Monica's Catholic Church. Masses have also been scheduled at 6, 8 and 10 a.m. Christmas Day. Hope Lutheran Church will have a special Christmas Day service Monday at 10:15 a.m.

Rev. Ben Pierce, pastor of the First Methodist Church, explained that Christmon comes from the words Christ and monogram and means monogram of Christ.

He said the monograms are found in many places. Early Christians used them to identify themselves to one another, and to designate meeting places of the Church.

White and gold were used for the symbols because white, the liturgical color for Christmas, represents purity and perfection and gold majesty and glory.

Ten forms of the cross are included on the giant Christmon tree. The Tau Cross from the Old Testament, Passion Cross, Cross of Constantine, Latin Cross, Greek Cross, Cross over the World, Jerusalem Cross, Cross Triumphant, Cross in Eternity and Celtic Cross.

Other symbols are the Circle representing Eternity, the Triangle for Trinity, Crown, Sun of Right-

eousness, Stars, Fish and Serpent. Also included on the tree are Greek monograms, letters and words.

Rev. Pierce said the sanctuary is open each day and the public is invited to see the Christmon tree.

How many symbols can you pick out on the tree?

Ministers Leading 'Prayer For Peace'

Cameron Ministerial Association will institute a united daily Prayer for World Peace at Sunday morning services, December 24.

Rev. Ben Pierce, association president, said local congregations will be asked to continue the united prayer for peace at 12:15 p.m. on a daily basis within family units. Announcing the prayer for World Peace movement the Ministerial Association said, "We believe in the possibility of miracles, that prayer has unknown power."

Minerva To US36 Route Scheduled For Resurfacing

Highway US 77 from Minerva northeast to SH 36 is scheduled for reconstruction under a two-year program announced by the Texas Highway Commission.

Joe G. Hanover, district engineer of the Texas Highway Department, Bryan, said estimated cost of the work on the 5.3 mile section in Milam County is \$607,000,000.

In all, a total of 1,667.6 miles of non-interstate highways will be built or reconstructed under the program, which places emphasis on the State's "bread and butter" highway routes.

The program also covers the State's portion of right of way acquisition on 557 miles of US- and State-numbered highways at an estimated cost of \$27 million. On such highways, the State shares right of way cost 50-50 with local governments.

2 1/2-1 Vote OK's Tax

By 2 1/2 to 1, Cameron is among seven more Texas cities and towns approving a 1 percent City sales and use tax.

Cameron voters Tuesday favored the 1 cent city sales tax, 399 to 156. E. A. Perrin, chairman of the Committee for Presentation of Sales Tax Advantages, said he had hoped for a vote of 800 people, but was pleased with the turnout and the election's outcome.

Mayor Bassel Wilson commended the work Perrin and citizens committee had done in informing people on the proposal following a Town Meeting in November. He also thanked the local press on the Council's behalf for their part in informing the public.

Other Central Texas towns approving a city sales tax Tuesday were: Mexia, 499 to 87; and Clifton, 177 to 69.

Other Texas cities approving the local option Tuesday were: Three Rivers, 142 to 116; George West, 136 to 33; Gainesville, 1,299 to 422; and Pasadena, 2,462 to 1,368.

Lampasas in a record turnout defeated the city sales tax 791 to 251.

The Temple Telegram reported that opposition was organized by the business community in Lampasas, taking the position no other town in that area had approved the sales tax.

Youth Arrested In House Burglaries

Milam Sheriff Carl Black said a rash of early morning burglaries was probably solved Tuesday morning with the arrest of a 16-year-old boy.

The youth, enroute to school, had attempted to enter two homes on West Main before 8 a.m. He was picked up by officers after he broke into the Walter Plock home at 395 N. Bowie and rifled through packages under the Christmas tree.

Sheriff Black said the boy had recently returned from Gatesville.

Mayor Wilson said he believed approval in Cameron was "another lift for progress in the city."

The City Council and Mayor drew up an annual anticipated nine-point budget for a \$40,000 income for the sales tax here. It covered estimates for various departments of city government including fire, police, cemetery, library, parks, streets, salaries and airport.

Lampasas was the 19th town of 140 voting on the issue which have defeated it. The 121 others have approved.

Estimates are that 70 percent of Texas population now have considered the proposition.

Towns in Central Texas area approving include: Temple, Waco, Austin, Georgetown, Taylor, Holland, Thorndale, Cameron, Mexia and Clifton.

Wilson said that work on the \$180,000 paving project in Cameron is awaiting completion. Actual emplacement of 1,900 feet of storm sewer along Sixth Street from Crockett to Fannin will begin after January 1.

City Supt. J. B. Earle said he was awaiting better weather and passage of the holidays.

Wilson estimated that actual paving and curbing projects would begin about April 1, 1968, after Charles C. Smith, Jr., attorney for the contractor, Aubrey Slough, of Temple, completes legal work, contact by Texas Securities Corp. with property owners, public advertising and public hearings early next year.

"Streets would be torn up during the winter months if we started now," Wilson said.

Work is also underway in correcting major cemetery drainage problems.

Other local projects underway include reconstruction work by Gulf Corp. at the former Eastern Seed Co. plant, and on large liquid fertilizer tanks along Santa Fe right-of-way across from Santa Fe depot.

Family Headstone Cited Hardships

(Second in series on Little River Baptist Church - Ed.)

A family plot with headstones of three children's graves, dated only days apart, is an often repeated sight in the South, or first, section of Little River Cemetery.

They tell dramatically the hardships and heartbreaks of early settlers in this area.

The cemetery which adjoins the historic Little River Baptist Church in the Jones Prairie Community, had its start about 150 years ago when a saddened husband buried his wife there and went on with his young children to build a home farther west.

The family is said to have been crossing the Jones Prairie area to claim land for a home. They were being followed by Indians and sought shelter in a thicket that is now the south section of Little River Cemetery. During the night the wife died of malaria and was buried by two oak trees with a wall of post oak logs marking the grave.

1849 FOUNDING

In 1849 Mrs. Z. N. Morrell gave 10 acres of land for a cemetery and at this time several graves were said to have been marked on the property.

The earliest recognizable headstones are engraved with the names of Tyson and Lester. Both bear the date 1854. A four-sided family stone in the cemetery south section lists Harris Mitchell, 1793-1867; Sarah Mitchell, 1794-1885; Harris W. Mitchell, died 1870 at age 30; and Nancy Mitchell, died 1858 at age 40.

A Masonic headstone inscribed "Sacred to the Memory of Manson S. Jolly, Aged 29" marks the grave of a rebellious Confederate soldier. After the Civil War Jolly is reputed to have killed 25 Union soldiers in South Carolina, five for each of his brothers killed in the war between the states.

He fled to Texas, settling in Jones Prairie where he drowned crossing Walkers Creek on horseback. His three companions on the flight from South Carolina are also

buried in Little River Cemetery.

The original 10-acre cemetery was enclosed by barbed wire and entry was across wooden steps about four feet high and three feet wide.

A cemetery association was formed in 1923 and a road was built through the property.

ASSOCIATION OFFICERS

The first Little River Cemetery Association officers were Rev. B. T. Goodwin, president; Dr. J. C. Herring, vice president; and T. B. Stidham who served as secretary-treasurer for 40 years. Sim B. Atkinson now serves as secretary-treasurer.

In 1947 more land was purchased and columns erected at the cemetery entrance. Last fall a new area was opened on the south side.

A Foundation has also been established in recent years in the hope that interest from funds invested will guarantee perpetual care for the historic cemetery. Lavert McKinney, of Cameron, is president of the Little River Cemetery Foundation.

Drivers Photo, Eye Test In New Office Beginning January 3

Texas Highway Department drivers license office for Milam County will open in a new location across from the courthouse January 3.

The drivers license office will share quarters with VA and Social Security in the Veterans Administration building at Main and Central, with office hours from 9 to 12 noon and 1 to 5 p.m. every Wednesday.

Drivers whose licenses expire after January 1 will receive a card from Austin which should be taken to the Cameron office where a color photograph will be taken and vision test given. Highway Patrolman Milton Wright asked that care be taken not to bend or fold the cards received in the mail.

County Agent's Notes

Grain Sorghum Aid In Pork Production

By J. D. Moore

Availability of grain sorghum favors an increase in Texas pork production according to T. D. Tanksley, Jr., Extension Animal Husbandman.

In contrast, midwestern farmers market 35 to 45 percent of their corn through hogs and cattle. Extensive livestock feeding developed in the corn belt because it provided an opportunity to market grain at a higher price.

According to Tanksley, approximately 17.36 billion pounds of grain sorghum was produced in Texas in 1966. Only 5 to 6 percent of the state's total production was used for hog feeding. If Texas farmers had marketed 25 percent of their grain sorghum through hogs and this increased the selling price of sorghum by only 50 cents per hundred weight, it would increase the net income to Texas farmers by over \$15 million annually.

To localize the situation, Milam County's grain sorghum production in 1967 amounted to an estimated 48,000 acres with an average yield of 3,000 pounds per acre for a total production of 144,000,000 lbs.

Hog prices were very favorable through 1967. Had farmers fed 25 percent of the county's 1967 grain sorghum through hogs, it would have increased the income from the grain sorghum fed by more than 50 cents per one hundred pounds. In fact, the return above market price would have been near one dollar per hundred pounds due to the favorable 1967 hog prices.

Tanksley went on to say that feeding 25 percent of the Texas

grain sorghum production to hogs would increase the production from 1.2 million head to about 5 million which is approximately the number consumed by Texas each year.

"This doesn't mean that everybody growing grain should be in the hog business, but it won't hurt to think about it," advised the specialist.

ASCS News

By Alva Sanders

Farmers will benefit from a new reporting service which has been inaugurated by the ASCS. A report of payments made to each farmer under ACP, cotton, feed grain, wheat, and other direct payment programs during 1967 will be mailed to farmers during the latter part of January.

This report is expected to be helpful in preparing individual income tax returns. The same information must also be furnished to the Internal Revenue Service in accordance with a requirement of law.

It is estimated that over three million farmers will receive this report. This information is being gathered from county offices and summarized by computers located at New Orleans and Kansas City. The reports are being printed by the computers and mailed direct to farmers. A job of this size could not be completed without an automated system.

Since this is the first year for a service of this magnitude, there are bound to be a few problems. It is suggested that farmers carefully read the explanation on the report and check the accuracy of the total reported by comparing it with farm records. If an error is discovered, the ASCS office should be contacted to have the mistake corrected. The county office will give farmers whatever assistance they need with any problems that might arise with this new system.

Merry Christmas

The Herald foregoes most of its usual format at Yuletide to bring a measure of that season to our readers.

That measure is spelled out in the simplicity of hundreds of letters to Santa from the children of Milam County.

These letters tell of a vital aspect of Christmas: receiving a gift. While emphasis is on giving, it takes a recipient to acknowledge the gift. This is fundamental.

Who could better receive a gift than a child? Was is not the birth

of a Child some 1967 years ago that also brought Christmas into the world?

Kids' Santa letters contain an element of belief, which, in a world of cynicism, is a remarkable thing. Doubt goes a long way. Just a little trust goes farther.

Whether in Santa, or his reindeer, or perhaps in a deeper meaning of the Yuletide, belief outlasts the tinsel.

We extend sincere hope that Herald readers everywhere may enjoy a Merry Christmas and Happy New Year.

Santa Claus By Any Other Name Fills Stockings Or Wooden Shoes

"The stockings were hung by the chimney with care,
"In hopes that St. Nicholas soon would be there."

So wrote Clement E. Moore in 1822. And so it will be in most homes this Christmas Eve, at least where there are small children, at least in North America, and even though St. Nicholas has become Santa Claus.

The custom seems to come from Great Britain. There, too, children hang their stockings by the fireplace, hoping that Father Christmas will fill them with Christmas treats. In other lands the customs vary.

In Belgium and The Netherlands, people exchange gifts on Dec. 6, St. Nicholas' Day. A man dressed in the rich robes of a bishop represents the saint. World Book Encyclopedia says the questions the children about their behavior during the year and promises to return during the night with gifts for the good children.

In Holland the children fill wooden shoes with cookies and candies

for the saint and leave them on the doorstep. He takes the goodies and leaves toys and other gifts.

In France, children put their shoes on the doorstep on Christmas Eve so the Christ Child or Father Christmas can fill them with gifts. In Italy, on the eve of Epiphany, or Twelfth Night, a sort of good-lucky queen named La Befana comes down the chimney with gifts for the children.

Most children in South America believe that the Wise Men bring them Christmas gifts. Children in Brazil find gifts in their shoes on Christmas morning. On the eve of Epiphany, some people leave wine and hay on the doorstep for the Wise Men's camels.

Christians in China and Japan observe Christmas customs that are familiar to us. The Chinese version of Santa Claus has a Chinese name which varies according to the dialect.

And in Japan? Santa Claus is called Santa Claus.

Tittsworth Has Entry In Fat Stock Show

Tim Tittsworth, son of Mr. and Mrs. C. Tittsworth of Rt. 1, Cameron, will have swine competing in the 1968 Southwestern Exposition and Fat Stock Show, Jan. 26 - Feb. 4.

With entry classes for cattle, horses, sheep and swine just past, Fat Stock Show officials, led by Show president and manager M. P. Watt, started the task of computing 1968 entries. Poultry, rabbit and pigeon exhibitors have until Jan. 15 to submit their entries. "Although it's still too early to tell," said Watt, "it looks like

Rogers

Mrs. E. F. Harbison entertained her Sunday School class from the First Baptist Church of Rogers in her home Monday afternoon after school with a party.

The Junior girls, with Angie Smith as leader, presented a program. Group singing of Christmas carols was led by Paula Mathis. Brenda Jackson gave the Christmas Story. Bernadine Zajick and Beverly Belick offered Christmas poems, and prayer was led by Angie Smith.

Reorganized Nat'l Guard Will Add Parachute Unit

By Vern Sanford

A massive new realignment of the Texas National Guard will increase its strength by 500 and add a new parachute unit serving the southeast and central parts of the state.

Reorganization will insure better operational capability and improved riot control potential, according to Maj. Gen. Thomas S. Bishop, the adjutant general.

Texas' two Guard divisions - the 36th Infantry and the 48th Armored - will be replaced by the 72nd Mechanized Infantry Brigade and the 71st Airborne Infantry Brigade, plus miscellaneous units.

Headquarters of the 72nd, covering North Texas and the Panhandle, will be in Dallas. Headquarters of the 71st Airborne will be in Houston. Present 36th Infantry Brigade will maintain its headquarters in San Antonio and cover all of South Texas.

Guardsmen from Fort Worth - Dallas and Odessa - Midland areas will form two new types of command units, called "emergency operations headquarters."

Canyon, Clarksville, Belton, Dumas, New Boston and Rusk will lose their guard units in the reorganization. An artillery battalion with headquarters in El Paso and batteries in Odessa, Midland, Pecos, Lamesa and Big Spring will be separate from the three brigades. So will an engineer battalion in Abilene, a tank battalion in the Brownwood - San Angelo area and an armor group in Fort Worth.

Bishop says other specialized units will be placed throughout the state within areas of the brigades, but not as a part of them.

Total authorized strength will be increased to 17,375. Although the number of company-sized units will be reduced from 189 to 122, units will be larger and sometimes divided between two and three cities.

While general recruiting is banned for new Guardsmen without prior experience, enlistments are wide open for the new airborne brigade with units in Houston, Columbus, Brenham, Orange, Austin, Port Arthur, Beaumont, Port Neches, Waco, Whitney, Stephenville, Clifton, Hillsboro, Cleburne and Corsicana.

COURTS SPEAK

State Supreme Court, in reversing a Johnson County district court finding, ruled that a man cannot be held in jail indefinitely if he proves he is unable to pay delinquent child support payments.

In other recent decisions, the high court:

—Set February 21 to review a Jim Wells County malpractice suit against an Alice hospital and two doctors. Mrs. C. K. Gravis claims an operation was performed on her without consent and that she suffered ill effects.

—Agreed to hear oral arguments February 21 in the appeal of Otis Elevator Company from a \$50,000 award to a Waco department store employee injured in an escalator accident.

—Upheld lower court decisions denying recovery by a Corpus Christi woman in a suit against the city after her car was struck at an intersection regulated by a faulty traffic signal.

—Sustained lower courts in denying injunction to Bishop R. E. Ranger to prevent his removal as

bishop of Texas southwest division of Church of Christ in God.

A divided Court of Criminal Appeals again upheld the death sentence of Alton Charles for the 1966 shotgun slaying of a retired Caddo Lake game warden.

U. S. Supreme Court has given Texas and New Mexico permission to sue Colorado to collect a 939,000 acre-foot water debt under a 1949 Rio Grande interstate compact. El Paso and Hudspeth County have a big stake in the dispute.

APPOINTMENTS

LI. Gov. Preston Smith named Senators William N. Patman of Ganado, Charles Herring of Austin and J. P. Word of Meridian to

the Senate's "little Hoover" commission to promote economy and efficiency in state government.

Smith placed Clint C. Small Jr. of Austin and Rev. J. Carroll Chadwick of Center and Sens. Tom Creighton of Mineral Wells, Dorsey B. Hardeman of San Angelo and Charles Herring of Austin on the legislative committee looking into exemption of charitable organizations from liability for acts of employees and agents.

AIRPORT AID SOUGHT

Texas Aeronautics Commission will seek \$500,000 in federal aid for airport construction in 1968, an increase of \$50,000 over this year.

OLD PHILOSOPHER

Dear editor:

I saw a man carrying a turkey the other day and I stopped him and said, "Well, getting ready for Thanksgiving, eh?" and he said, "Thanksgiving? Thanksgiving was last month. This is for Christmas."

It can't be, I thought, too early for Christmas, hasn't been long since the last one, but I came on home and tore off August, September, October and November from my calendar - by doing this job every four months instead of every month you cut your work by a third; some people don't know what automation is, why take 12 times to do what you can do in three? - and checked the date against the date on a newspaper I found in my favorite ditch out here and sure enough, Christmas is right upon us.

Since I saw I couldn't do anything about it I picked up that newspaper and right off ran into an article saying Christmas has become too commercialized, all this gift-buying has gotten out of hand, we ought to return to the old-fashion type Christmas.

Then I got to thinking. Gift-giving at Christmas time has a fairly respectable history, if you go back to the original presents of myrrh and frankincense.

When people talk about going back to the old-fashion type of Christmas, they mean the Christmas of 50 to 75 years ago, but you try giving a boy a string of popcorn and a roasted apple instead of a bicycle and see how far you get. Try riding over the hill to grandpa's farm in a sleigh and you'll tie up traffic for miles

back of you. Try singing carols outside somebody's house and you will find he's getting a better quality of singing on his record player or T.V.

Times change, but I have a notion that underneath all the frenzied shopping and gift-wrapping the spirit of Christmas generally comes through still intact.

If you haven't figured out yet what to get me, you still have time. The Cameron stores are still open.

Yours faithfully,
J.A.

Letters

Buckholts, Tex.

Dec. 15, 1967

Dear Cameron Herald,
Am sending you three letters which the children wrote to Santa Claus. Would like for you to put them in this next week's paper. They say their rooms in school are not writing letters.

The children really like the Tiny Herald, it is educational and they enjoy coloring in it. We have three children so they get the other two Tiny Heralds from my folks and my husband's mother so that all three have a paper. We like The Cameron Herald and look forward each Thursday to get it and read it.

From,
—Mrs. W. B. June, Jr.

fishing regulations are summarized.

WEST TEXAS SULPHUR

Sulphur blew into the Texas economy last week, and the University of Texas and West Texas in general can only benefit from it.

UT Board of Regents collected \$768,124.43 from the sale of mineral leases on 20 university-owned tracts in a bid-opening. Bid on one tract almost equaled the total minimum that the University expected on the sale.

"All indications point to the birth of a new industry in West Texas," James B. Zimmerman of Midland, geologist in charge of University lands, said. Oil and gas, of course, will remain the financial backbone of West Texas, but in some areas, sulphur is the object of most of the present exploration.

NURSES EDUCATION UP

Enrollments in registered nurse educational programs in Texas increased during this year by approximately 25 percent over last year, reports the Coordinating Board, Texas College and University System. Total now is 7,002 or \$1,325 more than in 1966.

Happy Birthday, JESUS!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake, (2) For his children's sake, (3) For the sake of his community and nation, (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Psalms	2	1-9
Monday	Isaiah	7	10-17
Tuesday	Isaiah	9	1-7
Wednesday	Zachariah	8	1-8
Thursday	Matthew	2	1-12
Friday	Luke	2	1-7
Saturday	Luke	2	8-21

The lights of Christmas shine in children's eyes
As they uncover each well-kept surprise,
And we remember, as we share their joy,
That Jesus too was once a little boy.

He must have laughed and shouted at His play
Just as the youngest ones will do today.
And surely Mary watched with pride and love...
Thinking of shepherds, and a star above.

This day is blessed by children's happy voices,
The bells ring out; the Christian world rejoices,
With all the gladness grateful hearts can bring,
We celebrate the birthday of a King.

THE FAMILY LAWYER

Hush Money

Two policemen, armed with a search warrant, discovered a cache of narcotics in Eddie's basement. Eddie forced a smile.

"Tell you what," he said blithely. "I'll give you guys \$500 each if you'll get rid of this stuff for me and forget the whole thing."

Result: Eddie was arrested not only for a narcotics violation but also for offering a bribe.

At the trial, he protested: "I was only joking about the money. I never expected these policemen to take me seriously."

Nevertheless, he was found guilty as charged. The court said that, behind his jocular manner, the criminal purpose was all too evident.

No particular words or acts are necessary to constitute the crime of bribery, so long as the message is clear.

Nor is it even necessary that the bribe take the form of money. What matters is that, whatever its form, the bribe have sufficient value to the recipient to influence his conduct.

Thus, in one case, the bribe consisted of an extra discount on a new car, allowed by a car dealer to a city official. In another case, the bribe consisted of a young woman's amorous favors. In both cases the bribe was considered the equivalent, in the law's eyes, of a simple

payoff in cash.

Traditionally the crime of bribery has involved only public officials. The law's historical purpose has been to safeguard the processes of government from corruption.

But in recent years, most states have enacted statutes extending this principle to the field of sports.

Under one such statute, a man was accused of trying to bribe a college football player. In court, the defendant argued that bribery, by its very nature, can apply only to public officials.

However, the court found him guilty. The judge said the same moral standard could be demanded of athletes too, because their "duty to perform with honesty and integrity is analogous to the duty imposed upon persons holding public office."

\$35,695 Taxes Paid By Texas Railroads In Milam County

Current annual taxes paid to the various government agencies by Texas railroads in Milam County totaled \$35,695, it is announced by the Texas Railroad Association.

That amount was the county's share of the more than \$10 million the railroads paid in Texas on their own right of way and other property.

The biggest railroad contribution was to the school systems throughout the state. Large sums were also distributed to city, village and county governments and for road and bridge funds.

In addition, of course, was the large total in taxes the railroads' 33,410 Texas employees contributed on their own property. The vast majority of rail workers, many of whom live in Milam County, own their own homes.
